

Facial Massager

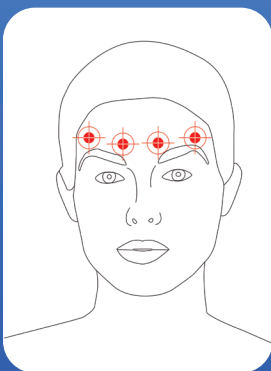

High speed micro vibrations help you to stay toned and refreshed.

High Speed Micro Vibrations stimulate tissue deep under the surface of the skin helping to increase circulation, cell rejuvenation and reduce the appearance of fine lines.

The High Speed Micro Facial Massager can be used to relieve sinus pain and pressure.

Use The High Speed Micro Facial Massager to apply your favorite facial oils and/or creams deep into your skin tissue for better results.

*Uses (1) AA battery not included
